CHAIRMAN'S REPORT

HYSWEST LIMITED TRADING AS ATTUNGA SKI LODGE

FINANCIAL YEAR ENDED 30TH SEPTEMBER, 2013

It is my pleasure to report to you on the company's activities during the Financial Year ended 30th September, 2013.

It is pleasing to report that the lodge has had an excellent year and many thanks must continue to go to Elsa and Errol who have done an excellent job in managing the lodge this year. "Mother Nature" was a little erratic this year with some decent snow falls followed with unsavoury weather so skiing this last winter not the best but it cannot be great all the time let us hope 2014 will be better.

As this chairman's report goes to print Tony Moll has all but completed the final 4 rooms so 2014 will see the renovation work on the rooms complete.

Please continue to provide welcome feedback.

We look forward to future success.

The Board would like to take this opportunity to wish all members well for the 2014 year and season.

Yours sincerely.

PETER MULLENS

Notes to the Financial Statements

For the Year Ended 30 September 2013

The financial report covers Attunga Ski Lodge Limited as an individual entity. Attunga Ski Lodge Limited is a for profit company limited by shares, incorporated and domiciled in Australia.

1 Summary of Significant Accounting Policies

(a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the *Corporations Act 2001*.

Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards.

Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

(b) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

(c) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses. Cost includes expenditure that is directly attributable to the asset.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, is depreciated on a straight-line basis over the asset's useful life to the company commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

| Class of Fixed Asset | Depreciation Rate |
|----------------------------------|-------------------|
| Plant and Equipment | 5-30% |
| Furniture, Fixtures and Fittings | 7.5-40% |
| Leasehold improvements | 2.5-4% |

ABN: 42 003 043 016

Notes to the Financial Statements

For the Year Ended 30 September 2013

1 Summary of Significant Accounting Policies continued

(c) Property, plant and equipment continued

The assets' residual values, depreciation methods and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(d) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less which are convertible to a known amount of cash and subject to an insignificant risk of change in value, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

(e) Trade and other payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(f) Income tax

The income tax expense (revenue) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at the end of the reporting period. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at the end of the reporting year. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

ABN: 42 003 043 016

Notes to the Financial Statements For the Year Ended 30 September 2013

1 Summary of Significant Accounting Policies continued

(f) Income tax continued

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

(g) Leases

Lease payments for operating leases, where substantially all of the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the life of the lease term.

(h) Revenue and other income

The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of Attunga Ski Lodge Limited's activities as discussed below.

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. Any consideration deferred is treated as the provision of finance and is discounted at a rate of interest that is generally accepted in the market for similar arrangements. The difference between the amount initially recognised and the amount ultimately received is interest revenue.

Interest revenue

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Subscriptions

Revenue from the provision of membership subscriptions is recognised on a straight line basis over the financial year.

All revenue is stated net of the amount of goods and services tax (GST).

(i) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

ABN: 42 003 043 016

Notes to the Financial Statements For the Year Ended 30 September 2013

1 Summary of Significant Accounting Policies continued

(j) Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key judgments - provision for impairment of receivables

The value of the provision for impairment of receivables is estimated by considering the ageing of receivables, communication with the debtors and prior history.

(k) Adoption of new and revised accounting standards

During the current year, the company adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory.

The adoption of these Standards has impacted the recognition, measurement and disclosure of certain transactions. The following is an explanation of the impact the adoption of these Standards and Interpretations has had on the financial statements of Attunga Ski Lodge Limited.

| Standard Name | Impact |
|--|--|
| AASB 124 Related Party Disclosures and amending standard AASB 2009-12 | No significant changes on adoption of this standard. |
| AASB 2009-14 Amendments to Australian Interpretation – Prepayments of a Minimum Funding Requirement | No significant changes on adoption of this standard. |
| AASB 2010-4 / 2010-5 Amendments and further amendments to Australian Accounting Standards arising from the Annual Improvements Project | No significant changes on adoption of this standard. |

Notes to the Financial Statements For the Year Ended 30 September 2013

1 Summary of Significant Accounting Policies continued

(I) New accounting standards for application in future periods

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The company has decided against early adoption of these Standards. The following table summarises those future requirements, and their impact on the company:

| Standard name | Effective date for entity | Requirements | Impact |
|---|---------------------------|--|---|
| AASB 13 Fair Value Measurement. AASB 2011-8 - Amendments to Australian Accounting Standards arising from AASB 13 [AASB 1, 2, 3, 4, 5, 7, 9, 2009- 11, 2010-7, 101, 102, 108, 110, 116, 117, 118, 119, 120, 121, 128, 131, 132, 133, 134, 136, 138, 139, 140, 141, 1004, 1023 & 1038 and Interpretations 2, 4, 12, 13, 14, 17, 19, 131 & 132] | 30 June 2014 | AASB 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across Accounting Standards but does not change when fair value is required or permitted. There are a number of additional disclosure requirements. | Fair value estimates currently made by the entity will be revised and potential changes to reported values may be required. The entity has not yet determined the magnitude of any changes which may be needed. Some additional disclosures will be needed. |
| AASB 119 Employee Benefits (September 2011) AASB 2011-10 Amendments to Australian Accounting Standards arising from AASB 119 (September 2011) and AASB 2011-11 Amendments to AASB 119 (September 2011) arising from Reduced Disclosure Requirements | 30 June 2014 | The main changes in this standard relate to the accounting for defined benefit plans and are as follows: - elimination of the option to defer the recognition of gains and losses (the 'corridor method'); - requiring remeasurements to be presented in other comprehensive income; and - enhancing the disclosure requirements. | Since the entity does not have a defined benefit plan, the adoption of these standards will not have any impact. |
| AASB 1053 | 30 June 2014 | This standard allows certain entities to reduce disclosures. | Attunga Ski Lodge Limited is not able to apply this standard or the impact of this standard has not yet been determined as the entity has a choice on whether to apply |

9 Financial Risk Management

The main risks Attunga Ski Lodge Limited is exposed to through its financial instruments are credit risk, liquidity risk and market risk consisting of interest rate risk and equity price risk.

The company's financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

| | 2013 | 2012 |
|---|---------|---------|
| | \$ | \$ |
| Financial Assets | | |

| Trade and other payables | 21,400 | 9,083 |
| Total financial liabilities | 21,400 | 9,083 |

Specific financial risk exposures and management

The main risks Attunga Ski Lodge Limited is exposed to through its financial instruments are credit risk, liquidity risk and market risk consisting of interest rate risk and price risk.

(a) Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss to Attunga Ski Lodge Limited and arises principally from Attunga Ski Lodge Limited's receivables.

Members in arrears cannot occupy the lodge and directors can refuse to register a share transfer in the event of a sale. As a result all arrears will ultimately be recovered.

(b) Liquidity risk

Liquidity risk arises from the possibility that Attunga Ski Lodge Limited might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The company manages this risk through the following mechanisms:

- preparing forward-looking cash flow analysis in relation to its operational, investing and financial activities which are monitored on a monthly basis;
- using derivatives that are only traded in highly liquid markets;
- monitoring undrawn credit facilities;
- obtaining funding from a variety of sources;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- only investing surplus cash with major financial institutions; and
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

Typically, Attunga Ski Lodge Limited ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days.

The available funds to the company are discussed in note 16.

The table/s below reflect maturity analysis for financial assets.

9 Financial Risk Management continued

The table/s below reflect an undiscounted contractual maturity analysis for financial liabilities.

The timing of cash flows presented in the table to settle financial liabilities reflects the earliest contractual settlement dates and does not reflect management's expectations that banking facilities will be rolled forward. The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the statement of financial position due to the effect of discounting.

Financial liability maturity analysis - Non-derivative

| | Within 1 | Within 1 Year | | al |

| | \$ | \$ | \$ | \$ |
| Financial liabilities due for payment | | | | |
| Trade and other payables | 21,400 | 9,083 | 21,400 | 9,083 |

The timing of expected outflows is not expected to be materially different from contracted cashflows.

(c) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

i. Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period, whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The company is also exposed to earnings volatility on floating rate instruments

Sensitivity analysis

The following sensitivity analysis is based on the interest rate risk exposures in existence at the end of the reporting period.

An increase or decrease of 100 basis points would impact profit or loss and equity by the amounts shown below. This analysis assumes that other variables are held constant.

| | Pro | Profit | | uity |
|------|---------------------------|---------------------------|---------------------------|---------------------------|
| | 100 basis points increase | 100 basis points decrease | 100 basis points increase | 100 basis points decrease |

| 2012 | 1,574 | (1,574) | 1,574 | (1,574) |

The movements in profit are due to higher or lower interest rates.

The sensitivity analysis is performed on the same basis as in 2012.

ii. Price risk

Price risk relates to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices of securities held being fair value through profit and loss.

Net fair values

Fair value estimation

The fair values of financial assets and financial liabilities are presented in the following table and can be compared to their carrying values as presented in the statement of financial position. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values derived may be based on information that is estimated or subject to judgment, where changes in assumptions may have a material impact on the amounts estimated. Areas of judgment and the assumptions have been detailed below. Where possible, valuation information used to calculate fair value is extracted from the market, with more reliable information available from markets that are actively traded. In this regard, fair values for listed securities are obtained from quoted market bid prices. Where securities are unlisted and no market quotes are available, fair value is obtained using discounted cash flow analysis and other valuation techniques commonly used by market participants.

Financial instruments measured at fair value

The financial instruments recognised at fair value in the statement of financial position have been analysed and classified using a fair value hierarchy reflecting the significance of the inputs used in making the measurements between those whose fair value is based on. The fair value hierarchy consists of the following levels:

- quoted prices in active markets for identical assets or liabilities (Level 1);
- inputs other than quoted prices included within Level 1 that are observable for the asset or liability,
 either directly (as prices) or indirectly (derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Independent Audit Report to the members of Attunga Ski Lodge Limited

Report on the Financial Report

We have audited the accompanying financial report of Attunga Ski Lodge Limited, which comprises the statement of financial position as at 30 September 2013, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors" Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standardsand the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In Note 1, the directors also state, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, that the financial statements comply with International Financial Reporting Standards.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Attunga Ski Lodge Limited, would be in the same terms if given to the directors as at the time of this auditor's report.
